

Partners in road safety

Speed is the most consistent contributing factor in fatal collisions. In fact, three hundred and sixty-three people were killed in Ontario in 2003 as a direct result of speeding and loss of control.

eRASE is an awareness and enforcement campaign run jointly by police services, the Ontario government and community partners that aims to curb illegal street racing and high-risk driving behaviours.

2006

eRASE KICKOFF

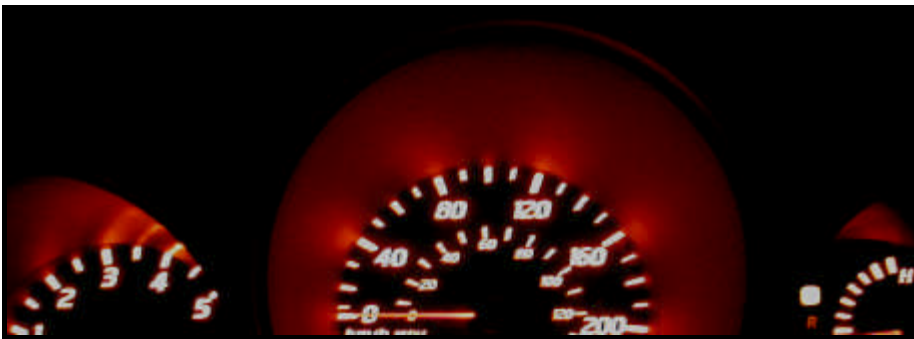

eeliminate R Racing A Activity on S Streets E Everywhere

April 28, 2006

Toronto, Ontario
